

Żywe

- Unpasteurised full-flavour pale lager beer, with a malt content of 14.5% by wt. and an alcohol content of 6.2% by vol.
- The beer comes straight from the brewery with no additional processing.
- By omitting the pasteurisation process, **ŻYWE** beer contains almost 200 more valuable ingredients than other beers, which accounts not only for its full and distinctive flavour, but also for its health benefits (B vitamins and brewer's yeast).
- **ŻYWE** beer is brewed from the very best ingredients. It is a natural product with no preservatives except for the alcohol produced in the course of yeast fermentation.
- Brewed by traditional methods.
- **ŻYWE** is the only beer in Poland recommended by the international **SLOW FOOD** organisation, which supports and promotes regional producers of natural food. This is the world's most prestigious recognition for regional food products. To najbardziej prestiżowe wyróżnienie na świecie dla produktów regionalnych.
- Along with **Koźlak**, **ŻYWE** beer was one of the first beers in Poland to be awarded the **Try Fine Food** quality mark by the **Ministry of Agriculture and Rural Development**.
- In the ranking held by www.browar.biz, which is the biggest Polish portal for beer lovers and connoisseurs, **ŻYWE** was recognised as the best full-strength pale lager beer in Poland in 2006 and 2007.

KOŹLAK

- Strong dark beer of the bock family, with an extract content of 15.1% by wt. and an alcohol content of 6.5% by vol.
- A lovely ruby red colour, **Koźlak** has a distinctive hoppy caramel flavour.
- Brewed by traditional methods.
- **Koźlak** comes in a bottle with a glass-painted label, unique on the Polish market.
- Users of www.browar.biz, which is the biggest Polish portal for beer lovers and connoisseurs, recognised **Koźlak** as the **best strong dark beer of all dark beer brands produced in Poland in 2004, 2005, 2006 and 2007**.
- Along with **ŻYWE** beer, **Koźlak** was one of the first beers in Poland to be awarded the **Try Fine Food** quality mark by the **Ministry of Agriculture and Rural Development**, which it has held since 2005.

ZŁOTE LWY

- Pasteurised full-strength pale lager beer with an outstanding bouquet and a thick white head, with an extract content of 12.2% by wt. and an alcohol content of approx. 5.6% by vol.
- **Złote Lwy** beer is brewed exclusively by traditional methods which call for each beer style to be brewed in a separate tank. It is made with pure barley malt, the famous Lublin variety of hops, and glacial water.
- **Złote Lwy** beer draws on the rich tradition of Gdańsk beer brewing.
- Possessor of the **Try Fine Food** quality mark since 2008, awarded by the **Ministry of Agriculture and Rural Development**.

Grand IMPERIAL PORTER

- Strong dark beer of the porter family, with an extract content of 18.1% by wt. and an alcohol content of 8.0% by vol.
- **Grand** has a lovely velvety black colour and a very rich flavour with hints of chocolate and coffee. It stands out not only by its great flavour, but also by the elegant label which emphasises the high quality of this product as a member of the premium beer family.
- We have continued the century-long tradition of brewing Baltic porter, although we can proudly admit to having reinterpreted this beer style.
- Brewed by traditional methods.
- Possessor of the **Try Fine Food** quality mark since 2008, awarded by the **Ministry of Agriculture and Rural Development**.
